

Raymond Crescent Guildford, Surrey

Raymond Crescent is a Supported Living service providing accommodation for male adults who may have a diagnosis of a Learning Disability, Mental Health needs or have a dual diagnosis of Learning Disability/ Mental Health.

A Supported Living service

Raymond Crescent offers a Supporting Living model, whereby tenants will receive packages of support tailored to their individual assessed needs in order to reduce risks, both within the service and wider community, promote independence, and engage in education and employment to achieve positive social inclusion.

Raymond Crescent is designed as a service with an emphasis on developing pathway plans to enable individuals to move through the service over the course of 18-24 months, encouraging further transition into independent community living.

The Property

Raymond Crescent is a 5 bed property located in the heart of Guildford.

Ground Floor

On the ground floor of the property there is a good sized communal lounge, with downstairs toilet, which leads through to a large modern kitchen. Off the back of the kitchen there are 2 double bedrooms. One of the bedrooms has a back door leading out to the large communal garden.

First Floor

Upstairs in the property there are a further 3 double bedrooms, one with ensuite bathroom, a communal bathroom and an additional bedroom that is used as a sleep in room for staff.

Garden

There is a large garden to the rear of the property that tenants can use at their leisure.

Location

Raymond Crescent is situated within close proximity to the town centre of Guildford which has excellent shopping facilities, leisure centre and access to public transport. Tenants will benefit from being able to access the local GP surgery and all necessary health care professionals in order to meet their health needs.

Support packages

Support packages provided by Glen Care Supported Living Services are designed to meet individual needs and stress the importance of tenant inclusion throughout the care planning process.

Packages will include:

- Comprehensive assessment before taking up a tenancy
- Goal orientated support planning and risk assessment based on identified need, action required and realistic timescales for achievement
- Positive approach to the development of independent living skills and the maintenance of those skills over time
- Clear person centred planning to transition towards independent community living
- Supported employment opportunities will be promoted where possible.

The ethos of Glen Care Supported Living Services is focused around the tenant, enabling them to make their own choices and live the lives they choose. Individuals are assisted in positive risk taking, so they actively increase their confidence and move towards their goals in small achievable milestones. We encourage individuals to take part in community activities and support them to build up skills to access employment or local educational opportunities.

Tenants will receive key worker support regularly and will benefit from a highly skilled, dedicated and supervised staff team.
